A chamber of spirited revelry in the foundations of the City

The vaults beneath The Royal Exchange house a new fortune. Step through the unassuming door on Cornhill and down a spiral staircase to discover a den of spirited talk and lively tippling; The Libertine

Under vaulted arches which once guarded the spices, silks and gold that enriched London in years gone by sits an impressive bar worthy of the modern City.

We are available for both semi-private bookings and full private hire of the historic vaults. Our dedicated events team will work with you to mark your occasion, whether it's a special birthday, an office party, a product launch or a team away day.

Spaces for hire include the private dining room, our hidden alcove lounge 'The Whiskey Vault', our restaurant and the bar area. For groups of 4 to 450, we will work with you to create a bespoke package that perfectly matches the needs of your event.

Percy's is a snug, stripped back neighbourhood spot for easy evenings and unrehearsed late nights. Tucked away on Kensington High Street, it has the style and feel of a private members club but without the stuffy rules or pretension.

The front room is reminiscent of the living room in a grand London townhouse, with comfortable furnishings and a warm welcome for all. As the night draws on, we open the secret door to reveal a hidden Tequila bar and club room, which pushes our capacity to 275.
