## INCIPIO

We operate unique venues across London; With every venue, the experience comes first. We regularly re-theme and re-decorate venues and frequently update our drinking and dining concepts to ensure every guest feels they have travelled 'somewhere else', whether it's their first visit or their tenth.

We have venues ranging from 300 to 750 capacity, each available for semi-private or full private hire including private dining rooms. All our venues are perfectly suited to host all manner of events, from product launches to parties, and everything in between.

# Entertainment

We work with the best entertainment professionals from London and beyond to create vibrant atmospheres for great times. We have a roster of incredible bands and DJs to provide the perfect soundtrack for your event, and can elevate the experience with anything from fire performers and dancers to mind-bending close up magicians depending on your requirements.

Alongside the showstopping entertainers, we can provide caricature artists, karaoke booths, ping pong tables, silent discos, casino games and much more to curate events that leave guests with lasting memories.

## Our Clients

## Testimonials

“Our Winter Social at the Palm House is forever going to be the party that everyone talks about. We had two floors of fun, fantastic food and delicious drinks. Expertly looked after by the team in the run up and on the night, the really special thing about this place is the magic extra touches Jack and the team suggested.”

“Pergola were incredible - they came to our rescue for a last-minute party and they pulled out all the stops. I would 100% recommend them - excellent venue, incredible staff, and a pleasure to work with.”
