EVENTS

“I just wanted to say a huge thank you to you and the team for an outstanding event. Everyone loved every part of the day and evening. Nothing was too much for your team, and I truly appreciate that there were a lot of changing and moving parts, but you were all brilliant!”

“I want to say a massive thank you and everything went so well!. A HUGE thank you to yourself & the team for the evening, they were absolutely amazing and assured me everything was going fine. We had a very VIP group of people who are quite particular with their food and are incredibly high maintenance and I was really concerned if we would get negative feedback but you did an amazing job at keeping everything under control.”

“Our Winter Social at the Palm House is forever going to be the party that everyone talks about. We had two floors of fun, fantastic food and delicious drinks. Expertly looked after by the team in the run up and on the night, the really special thing about this place is the magic extra touches the team suggested.”

“Pergola were incredible - they came to our rescue for a last-minute party and they pulled out all the stops. I would 100% recommend them - excellent venue, incredible staff, and a pleasure to work with.”
